SECTION 3. ASSUMPTION OF CONTRACTS.

(a) Effective as of the Closing Date, the Seller shall assign to the Purchaser (or its designee, as determined by the Purchaser), all of its right, title, interest and obligations under certain contracts and other agreements to which the Seller is a party, as are specifically described on Exhibit 3(a) attached hereto (hereinafter collectively referred to as the "Assumed Contracts"). The Purchaser shall accept and assume all of the Seller's right, title, interest and obligations under the Assumed Contracts as evidenced by the Assignments attached hereto as Attachment I to Exhibit 3(a).

The Purchase price is allocated as described in the valuation attached hereto as Exhibit 5. The Purchase Price paid to Seller by Purchaser hereunder shall be modified prior to the Closing Date

by mutual agreement of the Purchase and Seller in writing in the following ways: additions or subtractions from the asset listing in the valuation shall result in corresponding additions and subtractions from the purchase price, and an amount equal to Seller's cost for medical supplies on hand as of Closing ("Supplies") shall be added to the Purchase Price at Closing. As modified, the final Purchase Price represents payment in full for the Assets and Supplies, and all right, title, and interest in and to the Assets and Supplies will pass to Purchaser as of the Closing Date, free and clear of any liens or rights of third parties. The parties acknowledge and agree that the Purchase Price for the Assets has been established on the basis of an independent valuation of the Assets and the business of the Practice, and that this transaction has been negotiated on an arms' length basis.

As additional consideration for the purchase of the Assets under this Agreement, the parties have agreed to the post-closing covenants set forth in Section 8.

SECTION 6. PAYMENT OF PURCHASE PRICE. The transactions contemplated by this Agreement shall be effective as of the start of business on June 10, 2019 ("Effective Date") and all business conducted on and after the Effective Date shall be for the account of Purchaser.

SECTION 7. EMPLOYEES; EMPLOYMENT & PRACTICE MATTERS.

(a) All of the non-physician employees of the Practice and their terms of employment are listed in Exhibit 7(a) attached hereto and incorporated herein. Purchaser shall use its best efforts to offer employment to all such employees by Purchaser or such other entity designated by Purchaser, on an at-will basis, either temporary, permanent, full time or part time, as determined by, and on the terms and conditions offered by, the Purchaser in its sole discretion. The Seller shall, upon the request of Purchaser, communicate the substance of this Section 7(a) to the Seller's employees providing services at the Practice promptly upon execution of this Agreement. The Purchaser shall be entitled to provide written materials and other instructions with respect to the method of communication with such employees. Seller will be responsible to pay or provide its employees with all wages, salary, payment for accrued vacation, payroll taxes, retirement and pension plan liabilities, health, dental, disability and life insurance premiums, workers compensation coverage premiums, unemployment, and all other fringe benefits and employee expenses of any kind that are incurred on or prior to the Effective Date including, without limitation, any payments due or owing by Seller as a result of this Agreement or the transaction contemplated thereby. Seller will make available to Purchaser for inspection and copying the personnel files for all employees of Purchaser.

(b) After the Effective Date, Seller will cease to actively do business as an ongoing medical practice, except as is necessary for purposes of discharging its obligations hereunder and with respect to any remaining liabilities.

SECTION 8. POST-CLOSING COVENANTS.

8.1 Continued Hospital Management. OhioHealth shall continue to support Morrow County Hospital as a critical access hospital under the Management Agreement currently in place between OhioHealth and Morrow County Hospital or a renewal thereof until such time, if any, that Morrow County Hospital decides to cease operation of its inpatient facility, or unless or until either party terminates the Management Agreement pursuant to its terms. As needed by Morrow County Hospital, OhioHealth shall collaborate and engage with Morrow County Hospital by providing access to reasonable planning and strategy resources and reasonable support for communication with medical staff and community stakeholders to map the community's healthcare priorities with the understanding that the Parties are exploring the reality of the future viability of a critical access hospital in the community.

8.2 New Ambulatory Facility. If, within the next ten (10) years from the Closing date, Morrow County Hospital resolves that it will cease operation of its inpatient facility and sets a date therefor ("Cessation Date"), OhioHealth shall then begin the design and construction of a new outpatient facility that will meet community needs through the provision of clinically and financially viable healthcare services (the "Facility"). The Facility will be designed and constructed based on information gained from collaborating with the Morrow County Hospital Board and the medical staff, and supported by available data. After the Cessation Date, Morrow County Hospital shall stop inpatient services, and shall no longer use the existing hospital building as an inpatient hospital facility.

(a) Morrow County Hospital and OhioHealth shall each use reasonable good faith efforts to coordinate the Cessation Date and the opening of the Facility.

(b) Services to be included in the Facility shall include those which are reasonably anticipated to contribute towards meeting community needs, and which are clinically and financially viable. Services offered in the Facility shall be re-evaluated, updated, and added to in the ordinary course of business as the community needs and clinical and financial viability evolve. Should the population, demographics and related market-specific dynamics warrant, at a future date, OhioHealth would explore the viability of adding an Emergency Medicine department and related resources and capabilities to the Facility.

(c) OhioHealth reasonably anticipates that services to be included in the Facility will include primary care, urgent care, rotating specialty physician services, and ancillary services such as imaging, lab, and rehabilitation, subject to the ability to provide such services in a way that meets community needs, and is clinically and financially viable.

(d) Once Morrow County Hospital has resolved to cease operations and set the Cessation Date, and notifies OhioHealth in writing thereof, Morrow County Hospital shall not change such date or plans except by the mutual agreement of the parties, such as for coordination with the opening of the Facility. If, after notifying OhioHealth of a Cessation Date, Morrow County Hospital reasonably anticipates that it will reconsider the Cessation Date for reasons other than coordination with the opening of the Facility, it shall promptly notify OhioHealth thereof and OhioHealth's obligations under this Section 8.2 shall be tolled until such reconsideration is complete. If Morrow County Hospital

cancels its plans to cease operations entirely or delays the Cessation Date for more than one (1) year, cumulatively, without the mutual agreement of OhioHealth, then, at OhioHealth's option: 1) Morrow County Hospital shall purchase from OhioHealth the Facility or land, supplies, and construction intended for the Facility, at the then-current fair market value thereof; or 2) OhioHealth may retain the Facility and operate it as an OhioHealth facility, and OhioHealth shall no longer be subject to any commitments under this Agreement.

(e) OhioHealth agrees that for such time as Morrow County Hospital continues to have an Affiliated Status with OhioHealth, as defined in section 8.7, it will not establish a facility competitive with Morrow County Hospital within 15 miles of Morrow County Hospital. As used in this subsection (e), "competitive with" includes without limitation a facility with an emergency medicine department or with urgent care services or health care services open more than 40 hours per week; provided, however, that in the event that an emergency department is established within the Facility this subsection (e) shall be of no force or effect.

8.3 Physician Employment. OPG shall use reasonable good faith efforts to retain current employed physicians in Morrow County under either their current terms of employment or OPG's standard terms of employment for similarly situated physicians. OPG shall replace, subject to community need and clinical viability, any MCHHS physicians that choose to leave of their own accord. OhioHealth or OPG shall not influence current referral patterns in any way that would adversely impact Morrow County Hospital for so long as Morrow County Hospital maintains an Affiliated Status with OhioHealth. Further, OhioHealth agrees that it will evaluate opportunities to improve and enhance the clinical and financial operation and viability of the practices, including through enhancement of the services provided, the physical facilities, and the provision by OhioHealth of information technology (IT) resources, electronic health record (EHR) and related infrastructure.

8.4 Morrow County Hospital Employment. Upon closing of the Morrow County Hospital inpatient facility, to the extent employees of Morrow County Hospital have skills matching then-current OhioHealth job openings, OhioHealth shall use reasonable best efforts to assist such employees with identifying and applying for such openings. Moreover, for OhioHealth job openings in the Facility, OhioHealth shall give preference to well-qualified then-current employees of Morrow County Hospital.

8.5 Access to OhioHealth Network. OhioHealth shall give patients in Morrow County access to OhioHealth's entire network of hospitals and healthcare providers with the commitment that patients would be returned to Morrow County for ongoing post-acute care from an OhioHealth or an OhioHealth-affiliated hospital as soon as possible.

8.6 Cost Reduction Strategies. OhioHealth and Morrow County Hospital shall explore outsourcing certain support services and other cost reduction strategies.

8.7 Affiliated Status.

(a) For purposes of this Agreement, "Affiliated Status" means OhioHealth and Morrow County Hospital have a then-current mutual agreement for ongoing management or consulting services, or such other formal clinical or educational relationship as the parties mutually designate as an affiliation. Moreover, Affiliated

Status also requires that Morrow County Hospital does not, at such time, have either an agreement for management or consulting services, or a formal clinical or educational relationship with any other health system which OhioHealth deems to be competitive with OhioHealth, nor, at such time, has publically announced any form of affiliation with such competitive health system.

(b) If, at any time either party terminates the Management Agreement, the parties shall in good faith mutually negotiate to replace the Management Agreement with another agreement that would maintain Affiliated Status as defined herein.

(c) If Morrow County Hospital ceases to have an Affiliated Status with OhioHealth, all post-closing covenants in this Section 8 shall cease to be effective and shall be null and void.

SECTION 9. REPRESENTATIONS AND WARRANTIES OF THE SELLER. Each of Morrow County Hospital and the Seller represents and warrants to the Purchaser, as of the Closing Date, as follows:

There are no federal, state or local tax liens upon any property or assets of the Seller.

(f) *Title to and Condition of Assets.* Except as set forth in the next sentence, the Assets are being sold AS IS and WHERE IS with no warranties or guarantees other than those remaining in any manufacturer's warranty that is assignable or otherwise transferable to Purchaser from Seller. The Seller warrants and represents, as of the Effective Date, that it has good and marketable title to and rightful possession of all of the Assets, free and clear of all liens, charges, security interests, and encumbrances, except for those which shall be paid in full and released on the Effective Date, as set forth on Exhibit 8(f) hereof. Seller hereby agrees to assign to Purchaser any and all warranties with respect to the Assets for which assignment is permitted by the terms thereof.

(2) Other than those listed on the attached Exhibit 9(h), there is no litigation or other judicial, administrative or investigative proceeding, at law or in equity or otherwise, pending or to Seller's knowledge, threatened, before or in any court or other governmental or non-governmental agency or board against or affecting the Seller, its shareholders, or any of the Assets. (k) *Assumed Contracts.* Seller has performed all of its obligations under the terms of each of the Assumed Contracts and is not in default thereunder. No event or omission has occurred which, but for the giving of notice or lapse of time or both, would constitute a default by Seller or, to Seller's knowledge, any other party thereto under any such Assumed Contract. Each Assumed Contract is valid and binding on Seller and, to the knowledge of Seller, on each other party thereto and is in full force and effect. Seller has not received any notice of default, cancellation or termination in connection with any Assumed Contract.

All controversies and claims arising under or relating to this Agreement, expressly including the Post-Closing Covenants in Section 8, shall be resolved in accordance with this Section 15. The parties shall negotiate all matters of joint concern in good faith, with the intention of resolving issues among them in a mutually satisfactory manner. If a disagreement between the parties cannot be resolved through informal discussions, then it shall be deemed a "Dispute" upon one party (the "Declaring Party") declaring, by the delivery of a written notice (the "Notice") to the other party that a Dispute exists. The Notice shall specify the nature and cause of the Dispute and the action that the Declaring Party deems necessary to resolve the Dispute. Following receipt of the Notice, the parties shall use good faith efforts to resolve the Dispute, including making personnel with appropriate decision-making authority available to the other legal entities which are bound by this Agreement to discuss resolution of the Dispute. If a Dispute is not resolved within thirty days of the date of the Notice, the Dispute will be referred for non-binding mediation and such non-binding mediation shall be effected prior to any legal proceeding. The parties agree that all aspects of the dispute resolution process shall be conducted in confidence. The parties agree that all statements made in connection with informal dispute resolution efforts shall not be considered admissions or statements against interest by either party.
